1. Motivation -- Why did you choose to run for the Healthcare District Board? To bring attention to the lack of communications by the Alameda Health District on how our annual \$5 million parcel tax dollars are being spent.

2. Program and Priorities -- Elected office provides the opportunity to proactively lead by placing new ideas on the agenda for consideration and development. What are some specific ideas you intend to pursue if elected? What do you believe are the main priorities for the Healthcare District Board?

The Health Care District is no longer an independent entity and as a result no longer has control of their agenda. From their mission adopted in November, 2015 one of their major priority was to collect, disburse, **review and educate the community on the use of parcel taxes** collected under the authority of the District.

3. Qualifications -- Please give a brief summary of your background and qualifications for the office of Healthcare District Board.

I spent 12 years on the Alameda School Board making sure the Alameda community had all of the information they needed to determine how the Board was operating.

4. Alameda Hospital -- What are the most important problems at Alameda Hospital, and how would you deal with them?

Being compliant with the [Alfred E. Alquist Hospital Seismic Safety Act](#). Prepare the community for the closure of the Hospital in 2030.

5. Endorsements -- Who has endorsed you so far? Who do you expect to endorse you?

No endorsements.

6. Campaign Funding -- How much money do you currently have for this race? How much money do you plan to raise? Where will the money come from? Describe sources of financial contributions for your campaign that you would refuse to accept (if any).

Not planning to raise money.

7. Anything Else? -- Is there anything else you would like us to know about you?
